B.S. Psychology
B.S. Computer Science

May 2014
July 2014

Work Experience **United States Geological Survey** August 2010 - Present
NGTOC Student Employee Rolla, MO.

Developed prototype programs for several projects in varying programming language.

- Google Earth National Map Viewer
- Product Tracking System

NGTOC IT Web Team

Maintain, update, and design websites.

Research **Qualitative Spatial Reasoning in 3D** **Jennifer Leopold**
Qualitative and predictive computations that allow for the discovery of relations June - December 2013

- Python
- GIT
- Qtcreator

Self Evaluation Maintenance Model

Donald Sharpsteen

How a person views themselves, how relations can affect that view, and how a person tries to maintain or increase their self evaluation.

January - May 2014
